Fellowship-Wide Services, Inc.**

Conference Journal Chair Report

July 1, 2025

The CJC has been busy for this first half of 2025 obtaining audio recordings of *theJournal* issues which have not yet been recorded.

The call out to the fellowship occurred in December 2024. We are well on our way to make all of the un-recorded issues of *theJournal* audio recorded, and available for all to hear.

There has been discussion about whether or not we monetize the online additions of *theJournal*. There is a strong sentiment against that.

However, it has been suggested that we delay the availability of the most current journal issue online until at least the next edition is published.

A request from the fellowship for feedback on this potential decision would be helpful.

One of our members has created a flyer with a QR code for access to *theJournal* subscription page. The question arose as to the efficacy of QR codes – and if Canva is used by FWS for QR codes. If F.W.S. is established with Canva as a valid non-profit, that could help the fellowship as a whole.
