

CONFERENCE COMMITTEE MEETINGS AT THE 2026 ABC/M

The ABC/M includes time for each of the conference committees to meet **twice** for **45 minutes**. Each committee decides what the content of their meetings will be during these times, and it's often a good opportunity for those new to service or those seeking to diversify their service roles to visit different committees. Individuals who are not attending the ABC/M but are interested in joining these conference sessions may do so using the following info.

Committee Chairs or Designates leading the sessions should receive instructions on claiming host for each meeting and should **close their meeting at exactly** the top of the next hour. Each meeting needs to be independent of the previous one. If your meeting is running over, the meeting may terminate abruptly at the 50 minute mark so allow the next meeting to begin on time. Please do not "wait for the next host" and pass the host role. The room must close and then re-open.

All times are in U.S. Central Daylight Time. We recommend using a free online service like worldtimebuddy.com to ensure your schedule aligns with the time. If prompted for a city, you can use Chicago, IL or San Antonio, TX.
